BioBase4SME WORKSHOP Natural Fibertastic

Date: 19 April 2018

Location: De Maagd, Grote Markt 32, 4611 Bergen op Zoom, the Netherlands

After having a very successful edition in 2017, REWIN and Natural fiber Application Center with support from Biobased Delta and the province of Noord Brabant, decided to organize Natural Fibertastic again in 2018. This event about innovations from SMEs with natural fibers is held this year in city theater de Maagd in Bergen op Zoom.

TOPICS

Natural fibers and bio-composites applications will be the overall theme. Within this theme, we will address sectors like packaging, building, gardening and more. The workshop aims to provide a podium where SMEs can interact on hurdles in the biobased sector. Construction and infrastructure will have a special place in this years program.

TARGET AUDIENCE

SMEs with a link to fibers that are willing to cooperate in the transition towards a biobased economy.

BioBase4SME Workshop organised by:

Provincie Noord-Brabant

BioBase4SME is operated and/or co-financed by:

Provincie Noord-Brabant
